SCHOOLS LOOK TOWARD GALA EVENT, MAY 2

Annual Field Meet and Oratorical Contest To Be At Derby This Year.

Pickaway-co's schools are completing plans for the annual Pickaway-co athletic and oratorical contests which will be held Friday, May 2, at Derby the home of the Derby-twep school.

Darby's orator won the meet last year, and a rule of the association is that the next meeting should be held at the home of the winner of the oratorical contest. Darby, however, is not permitted to enter an orator in the contests this year.

CONNELL IN CHARGE
Drice Connell of the Derby-twep school, is president and secretary of the meet this year.

The track meet will be held during the greater part of the day with the oratorical contest following that evening.

Orations to be given in the contest must not exceed 1,000 words in length and the county superintendent of schools, Prof. M. C. Warren, shall certify the length of the oration in entering the contest. Each orator is to have an alternate in case of illness or other unavoidable cause.

A copy of each oration must be filed with the county superintendent three days before the meeting.

The orations will be given in the following order:

New Holland, Deercreek, Muhlenberg, Darby, Walnut Pickaway, Ashville, Scioto, Washington, Jackson, Perry, Monroe and Salt-creek.

The events for the track meet are as follows:

Boys: 60-yard dash, 100-yard dash, 220-yard relay, tennis tournament, standing high jump, one-half mile run, pole vault, shot put, one-mile relay.
Girls: 40-yard dash, 60-yard dash, 220-yard dash, tennis tournament by doubles, volleyball tournament, baseball throw for accuracy and for distance.

START AT 10 A. M.

All preliminaries are to be run off starting at 10 a. m.

All entries must be made to Drice Connell, Derby, and none will be allowed later than April 28, four days before the meet.

This annual track and field meet and oratorical contest draws more attention each year that it is staged and this year's competition promises to be even better than it was a year ago.

The schools have been hard at work for the past several weeks in making preparations for the meet and everything looks like a real gala day in county school history.

ROTARIANS HEAR SMITH

Secretary of Ohio Livestock Co-op Explains Association Thursday.

R. A. Smith of Columbus, secretary-treasurer of the Ohio Livestock Co-operative Association, was the speaker at the Rotary Club Meeting Thursday noon at the Boggs hotel. Mystery in Hutton Romance

Society is still in the dark regarding the elopement of fashionable Eleanor P. Hutton with the young playboy, Preston Sturges. Miss Hutton made her debut amid a colorful pageant representative of New York society, in 1927. Her mother inherited the millions of her father, inventor of Post cereals. In 1928 she was one of the eight American women presented to the King and Queen of England. The young heiress is pictured above with her playboy husband.

Population Letters Fill Herald Office

What is your guess for Circleville's 1930 population? Many answers have reached The Herald office. In more than we can possibly print at this time, and interest in this question seems to be at a fever-pitch throughout the city. Remember all answers must be sent to The Herald office on the census coupon appearing daily in The Herald.

For the two guesses nearest the correct number The Herald is giving prizes of \$10 and \$5.

Official court house records show the correct figure 10 years ago to be 7,045. How much has our city gained in population in the past 10 years?

Neither employees of The Herald nor census takers or their families are permitted to participate in the contest.

TWO SCORE DIE IN FIRE

Thousands Are Homeless Near Manila As Result of Two Day Blaze.

MANILA, April 18.—More than a score of persons were dead and several thousand were homeless today as the result of a two-day fire at Cadiz in the province of occidental negros.

Members of the Philippine Red Cross are hurrying to the stricken town, while food and clothing are being dispatched from nearby cities.

The fire started in a sawmill of the Insular Lumber Company, the flames spreading quickly to the homes of the natives.

Cadiz is a town of about 23,000.

An inventory returned in probate court Friday placed the valuation of the estate of the late Iva Newton of Walnut-twp at \$206.92.

TWO INQUIRIES TO AID DEMS. IN CAMPAIGN

Fight Over Parker Confirmation and Post Office Probe Are Important.

WASHINGTON, April 18.—The fight against confirmation of Judge John J. Parker, of North Carolina, as an associate supreme court justice, and pending inquiries into the management of the shipping board and leasing of temporary postoffices provided administration leaders in the senate today with grave political problems.

The clash over the appointment of Judge Parker to the highest court may end with the North Carolina jurist asking President Hoover to withdraw his name. This procedure has been urged by Republican senators who face the loss of union labor and negro support if they vote for Parker's confirmation.

One prominent Republican senator, who endorsed Parker for the post before the American Federation of Labor and the Association for the Advancement of Colored People announced their opposition, old International News Service he expected twelve administration senators to vote against Parker if the nomination were brought to a vote. He said efforts would be made to get Parker to seek withdrawal of his name.

MAY WRECK PARTY

"The Republican party can be wrecked by its appointment, the senator said. 'The negroes have been Republican since the Civil war and they organized and solidly against Parker's confirmation. We throw them out of the party by confirming him. There is not a senator in a border state or in Ohio, Indiana or Illinois, who can vote for his confirmation and be elected.'

Democratic leaders meanwhile said they expected Parker's nomination to be rejected because of his "labor record." Senator Walsh (D) of Mont. said he felt Parker could "hardly be confirmed in view of the opposition in and out of the senate."

The worries of administrative leaders were increased by demands for final votes on the Blaine and McKellar resolutions, each proposing to investigate a separate department of the government. Both resolutions have been favorably reported by committees, thus insuring their adoption by the senate.

The two inquiries undoubtedly will furnish Democrats with considerable campaign material for the elections next fall.

REPEAL VOTE STILL LEADS

Forty-one Per Cent of Total Vote Asks Repeal—28 For, 30 Modification.

NEW YORK, April 18.—The vote of the eighteen amendment continues to lead with over 41 per cent of the total 3, 175, 972 ballots returned from the entire forty-eight states in the sixth week's returns of the Literary Digest's nationwide poll on prohibition, as published in tomorrow's issue.

The break-up of the grand total gives 915,631 vote for enforcement; 951,475 for modification; and 1,305,816 for repeal.

This shows over 28 per cent of the total vote for strict enforcement while practically 30 per cent favor modification to legalize light wines and beers.

With the poll still far from complete the Literary Digest announces the returns to date are nearer now than the total returns from any previous poll ever including the national referendum in the Hoover-Smith campaign, 1928.

Dr. William Weaver Woods, editor-in-chief stated he anticipated nearly 2,000,000 more returns in the poll judging from present incoming ballots.

With first returns from Arizona, Nevada, New Mexico and Wyoming this week every state and the District of Columbia is represented in the tabulations. The addition of these newcomers effected little change in the percentage of the totals, it is stated.

Ford Family Visitors at White House

Edsel Ford, son of the famous automobile manufacturer, and his two sons are shown after their visit to the White House, Washington, D. C., where they were presented to President Hoover by Phelps Newberry. In the group are left to right, Edsel Ford, Henry Ford, 2nd; Denson Ford, Phelps Newberry, Jr., and Phelps Newberry. In the rear is Richard B. English, manager of the Washington branch of the Ford Motor Company.

DURBIN RAPS R. McCULLOCH

Challenges Senator To Explain Stand on Favoring National Tariff Bill.

COLUMBUS, O., April 18.—In a formal statement, W. W. Durbin, of Kenton, Ohio democratic leader and candidate for the democratic nomination for the United States Senate, today challenged Senator Roscoe McCulloch, Ohio's republican representative in the national senate; to explain his stand in favoring the national tariff bill.

Durbin, in part, said: "As a business man and manufacturer, I challenge Senator McCulloch's position upon the Grundy tariff bill, for which he voted and which he is defending on the stump."

"Let me remind Senator McCulloch that the unfortunate depression we are now experiencing, with its millions of unemployed, came under the highest tariff rates ever in force in the United States. Grundy's bill will raise the tariff even higher. What the American manufacturer needs today is NOT more protection but a wider market."

2 FINED FOR INTOXICATION

Laurelville and Chillicothe Men Lodged In Jail Under \$100 Fine.

Forrest Hamilton, 35, Laurelville and Isaac Bookok, 42, Chillicothe, each received a fine of \$100 and costs and was committed to the county jail in default of payment, when given a hearing before Judge E. A. Brown on a charge of intoxication.

The men, both World Veterans, were arrested last Thursday evening by Deputy "Doggy" Ward and officer William McCrady and were found to be drinking and have in their possession three bottles of Bay-rum. When arrested both were so intoxicated they could not reveal their names, it is alleged.

FIRE THREATENS N. HOLLAND HOME

Fire threatened the home of Jesse Johnson, East street New Holland, this week when sparks from a chimney caught fire to a shingle roof. The blaze was discovered after the fire made considerable headway.

The alarm was sounded and volunteers succeeded in putting the fire out before the village chemical apparatus arrived on the scene. Loss of property was small.

TED STEELE IS HERALD ARTIST

Many inquiries have reached The Herald office concerning the artist who drew the two cartoons concerning the Berger hospital which have appeared in these pages at different times.

Ted Steele, of S. Scioto-st., popular employee of the Circleville Oil Co., has drawn both cartoons and at the present time has several more ideas in mind.

ASHVILLE BANKER TO TALK AT BANK MEETING, APRIL 23

E. W. Seeds To Use Subject "Why Are Financial Statements Required?"—Meeting To Be For Education In Trade.

E. W. Seeds of Ashville, well known banker of that place is on the program for a talk before the bankers of south-central Ohio who will convene at Chillicothe on Wednesday, April 23. Seed's subject will be "Why Are Financial Statements Required?"

The bankers are going to school again where they hope to learn still more about banks and banking. They will teach themselves. They plan to learn from one another how better to run their banks and serve their customers.

The school is called a Conference on Bank Management.

The following counties are in the group and will participate: Adams, Brown, Clinton, Fayette, Galia, Highland, Jackson, Lawrence, Pickaway, Pike, Ross, Scioto and Vinton.

Contrary to the usual custom of business gatherings the bankers are going to attend to business only. They have arranged for no social entertainment of any kind and want none. The only recess this school will have from 2.00 P. M. to 9.30 P. M. will be an hour and a half for dinner. Even this is not an arranged dinner. Every student-banker, whether he be director or bookkeeper, may choose his restaurant.

Ten courses are to be studied. A practical banker has been selected to lead the class with a short discussion on each subject. Then the others are to ask questions and tell how these systems have worked in their banks. This is one place where the students will not only be allowed but will be expected to speak right out in class on the subjects on which instructions are being given.

DRASTIC BILLS ARE FAILURES SAYS CURRAN

President of Opposition Group on Senate Witness Stand Third Day.

WASHINGTON, April 18.—Further drastic prohibition bills like the Sheppard measure to make the liquor buyer equally guilty with the seller, and the Wickersham proposal to take away jury trials from offenders, will never pass Congress, Henry H. Curran, president of the Association Against the Prohibition Amendment, told the Senate lobby committee today. "Already you senators are backing away from these bills," he said.

"Is your organization doing anything on these measures?" asked Senator Blaine (R) of Wisconsin. "No, indeed," said Curran. "We believe in giving the drys the rope they want to hang themselves."

It was Curran's third day on the witness stand.

"The halcyon days of the drys was when they passed the Jones bill," Curran added. "Already the government is not enforcing it." "He said the tide is now turning. 'The pendulum has a long swing in a great nation like ours before we return the rights of the people back to the states where they belong.'"

The Hoover-Smith presidential campaign overshadowed the prohibition issue, Curran said. It came a battle of personalities rather than a cut and dried issue, he asserted.

"This Congress is doing nothing expected but it is changing," Curran said.

"Why do you go into states as a referendum? To feel out public sentiment?" asked Senator Walsh (D) Montana.

"Yes."

"Do you think the prohibition law can be enforced?"

"It never has been."

"So you go into states and ask them to repeal their enforcement laws?"

"Yes. This is a federal law and it is up to the government to enforce it. They have the Volstead act to help them."

"Is that why you went into my state, Montana, and had them repeal the state law?"

"In that situation it was a case of showing the country what the sentiment of the state was."

The room was crowded with prohibitionists.

The committee did not question Curran concerning Stanton's reference to President Hoover.

"Have you received any contributions from abroad?"

"We have had a few from American citizens abroad."

"Have you had any from liquor dealers in Canada?" Curran asked.

"I'm sure we have not, unless they shovled it under another name."

2 MEN WALK TO FREEDOM

One Columbus City Jail Inmate Is Captured, the Other Is Still Free.

COLUMBUS, O., April 18.—Two prisoners calmly walked out of the newly-constructed city jail here today. One was captured a short time later and the second is still at large.

The prisoners, Eugene Ryan, 36, of Detroit, who is wanted in that city on an embezzlement charge, and Edward Powell, 31, of Portsmouth, Ohio, an alleged robber, nonchalantly opened the unlocked door of the "bull pen" and walked through a crowd of spectators in the adjoining court room, to freedom.

Powell was captured a few minutes later when two detectives saw him on the street and arrested him after a chase of two blocks. Four or five policemen were sitting in the court room when Ryan and Powell did the "walk-away" act. Ryan was arrested yesterday which alleged that he had stolen the West Minister Motor Car Company of Detroit, of \$2,000. A determined police search is being made for him.

Forty-one Per Cent of Total Vote Asks Repeal—28 For, 30 Modification.

NEW YORK, April 18—The vote of the eighteenth amendment continues to lead with over 41 per cent of the total 3,175, 972 ballots returned from the entire forty-eight states in the sixth week's returns of the Literary Digest's nationwide poll on prohibition, as published in tomorrow's issue.

The break-up of the grand total gives 915,681 vote for enforcement; 951,475 for modification; and 1,308,816 for repeal.

This shows over 28 per cent of the total vote for strict enforcement while practically 30 per cent favor modification to legalize light wines and beers.

With the poll still far from complete the Literary Digest announces the returns to date as greater now than the total returns from any previous poll ever including the national referendum taken by the periodical, in the Hoover-Smith campaign of 1928.

Dr. William Seaver Woods, editor-in-chief stated he anticipates nearly 2,000,000 more returns in the poll judging from present incoming ballots.

With first returns from Arizona, Nevada, New Mexico, and Wyoming this week every state, and the District of Columbia, is represented in the tabulations.

The addition of these newcomers effected little change in the percentage of the totals, it is stated.

Ford Family Visitors at White House

Edsel Ford, son of the famous automobile manufacturer, and his two sons are shown after their visit to the White House, Washington, D. C., where they were presented to President Hoover by Phelps Newberry. In the group are left to right, Edsel Ford, Henry Ford, 2nd; Denson Ford, Phelps Newberry, Jr., and Phelps Newberry. In the rear is Richard B. English, manager of the Washington branch of the Ford Motor Company.

DURBIN RAPS R. McCULLOCH

Challenges Senator To Explain Stand on Favoring National Tariff Bill.

COLUMBUS, O., April 18—In a formal statement, W. W. Durbin, of Kenton, Ohio democratic leader and candidate for the democratic nomination for the United States Senator, today challenged Senator Roscoe McCulloch, Ohio's republican representative in the national senate; to explain his stand in favoring the national tariff bill.

Durbin, in part, said: "As a business man and manufacturer, I challenge Senator McCulloch's position upon the Grundy tariff bill, for which he voted and which he is defending on the stump."

"Let me remind Senator McCulloch that the unfortunate depression we are now experiencing, with its millions of unemployed, came under the highest tariff rates ever in force in the United States. Grundy's bill will raise the tariff even higher. What the American manufacturer needs today is NOT more protection but a wider market."

2 FINED FOR INTOXICATION

Laurelville and Chillicothe Men Lodged In Jail Under \$100 Fine.

Forrest Hamilton, 35, Laurelville and Isaac Boccok, 42, Chillicothe, each received a fine of \$100 and costs and was committed to the county jail in default of payment, when given a hearing before Judge E. A. Brown on a charge of intoxication.

The men, both World Veterans, were arrested late Thursday evening by Deputy "Doggy" Ward and officer William McCrady and were found to be drinking and have in their possession three bottles of Bay-rum. When arrested both were so intoxicated they could not reveal their names, it is alleged.

FIRE THREATENS N. HOLLAND HOME

Fire threatened the home of Jesse Johnson, East street, New Holland, this week when sparks from a chimney caught fire to a shingle roof. The blaze was discovered after the fire made considerable headway.

The alarm was sounded and volunteers succeeded in putting the fire out before the village chemical apparatus arrived on the scene. Loss of property was small.

TED STEELE IS HERALD ARTIST

Many inquiries have reached The Herald office concerning the artist who drew the two cartoons concerning the Berger hospital which have appeared in these pages at different times.

Ted Steele, of S. Scioto-st., popular employee of the Circleville Oil Co., has drawn both cartoons and at the present times has several more ideas in mind.

ASHVILLE BANKER TO TALK AT BANK MEETING, APRIL 23

E. W. Seeds To Use Subject "Why Are Financial Statements Required?"—Meeting To Be For Education In Trade.

E. W. Seeds of Ashville, well known banker of that place is on the program for a talk before the bankers of south-central Ohio who will convene at Chillicothe on Wednesday, April 23. Seed's subject will be "Why Are Financial Statements Required?"

The bankers are going to school again where they hope to learn still more about banks and banking. They will teach themselves. They plan to learn from one another how better to run their banks and serve their customers.

The school is called a Conference on Bank Management. The following counties are in the group and will participate: Adams, Brown, Clinton, Fayette, Gallia, Highland, Jackson, Lawrence, Pickaway, Pike, Ross, Scioto and Vinton.

Contrary to the usual custom of business gatherings the bankers are going to attend to business only. They have arranged for no social entertainment of any kind and want none. The only recess this school will have from 2:00 P. M. to 9:30 P. M. will be an hour and a half for dinner. Even this is not an arranged dinner. Every student-banker, whether he be director or bookkeeper, may choose his restaurant.

Ten courses are to be studied. A practical banker has been selected to lead the class with a short discussion on each subject. Then the others are to ask questions and tell how these systems have worked in their banks. This is one place where the students will not only be allowed but will be expected to speak right out in class on the subjects on which instructions are being given.

On the program besides Seeds are Allen B. Whitney of Upper Sandusky, President. The Ohio Bankers Association; C. E. Nodder, Portsmouth, will lead the discussion on "What Should A Bank Earn"; H. G. Hudson, Wilmington, "The Service Charge"; William A. Ackerman, Mt. Vernon, "What Is Float Costing?"; E. H. Hammer, Marysville, "County Credit Bureau"; M. G. Harover, Manchester, "Free Service"; Eugene H. Carter, Sardinia, "Small Loans"; J. W. Evans, Hillsboro, "Mortgage Loans"; and O. N. Sams, Hillsboro, "Secondary Reserves".

CARLISLE MOFFITT TO SING SOLOS

Carlisle Moffitt of Columbus, widely known singer, will sing the bass solo this evening in the sacred cantata at the Presbyterian church. This Good Friday service will begin at 7:30 o'clock.

BY IVA SHAW
Five more days, and the campaign for the Circleville Herald will be all over. And oh how a few of the candidates will feel, how they will look back and see where they might have improved their time, but you have time yet to make up what you have lost. Never say I can't. Never say you have done all you can do. No you haven't, if some one else should tell you that, you most certainly would feel humiliated.

There are eighteen faithful working candidates in the Herald campaign and at no other time in my experience of campaign work, have I ever seen so many candidates.

DRASTIC BILLS ARE FAILURES SAYS CURRAN

President of Opposition Group on Senate Witness Stand Third Day.

WASHINGTON, April 18.—Further drastic prohibition bills like the Sheppard measure to make the liquor buyer equally guilty with the seller, and the Wickersham proposal to take away jury trials from offenders, will never pass Congress, Henry H. Curran, president of the Association Against the Prohibition Amendment, told the Senate lobby committee today.

"Already you senators are backing away from these bills," he said.

"Is your organization doing anything on these measures?" asked Senator Blaine (R) of Wisconsin.

"No, indeed," said Curran. "We believe in giving the drys all the rope they want to hang themselves."

It was Curran's third day on the witness stand.

"The halcyon days of the drys was when they passed the Jones bill," Curran added. "Already the government is not enforcing it."

He said the tide is now turning. "The pendulum has a long swing in a great nation like ours before we return the rights of the people back to the states where they belong."

The Hoover-Smith presidential campaign overshadowed the prohibition issue, Curran said. It became a battle of personalities, rather than a cut and dried wet issue, he asserted.

"This Congress is drier than we expected but it is changing," Curran said.

"Why do you go into states for a referendum? To feel out public sentiment?" asked Senator Walsh (D) Montana.

"Yes."

"Do you think the prohibition law can be enforced?"

"It never has been."

"So you go into states and ask them to repeal their enforcement laws?"

"Yes. This is a federal law and it is up to the government to enforce it. They have the Volstead act to help them."

"Is that why you went into my state, Montana, and had them repeal the state law?"

"In that situation it was a case of showing the country what the sentiment of the state was."

The room was crowded with prohibitionists.

The committee did not question Curran concerning Stayton's reference to President Hoover.

"Have you received any contributions from abroad?"

"We have had a few from American citizens abroad."

"Have you had any from liquor dealers in Canada?" Caraway asked.

"I'm sure we have not unless they shoved it under another name."

2 MEN WALK TO FREEDOM

One Columbus City Jail Inmate Is Captured, the Other Is Still Free.

COLUMBUS, O., April 18—Two prisoners calmly walked out of the newly-constructed city jail here today. One was captured a short time later and the second is still at large.

The prisoners, Eugene Ryan, 36, of Detroit, who is wanted in that city on an embezzlement charge, and Edward Powell, 21, of Portsmouth, Ohio, an alleged robber, nonchalantly opened the unlocked door of the "bull pen" and walked through a crowd of spectators, in the adjoining court room, to freedom.

Powell was captured a few minutes later when two detectives saw him on the street and arrested him after a chase of two blocks.

Four or five policemen were sitting in the court room when Ryan and Powell did the "walk-away" act.

Ryan was arrested yesterday which alleged that he had swindled the West Minister Mausoleum Company of Detroit, of \$3,700.

A determined police search is being made for him.

SCHOOLS LOOK TOWARD GALA EVENT, MAY 2

Annual Field Meet and Oratorical Contest To Be At Derby This Year.

Pickaway-co's schools are completing plans for the annual Pickaway-co athletic and oratorical contests which will be held Friday, May 2, at Derby, the home of the Derby-two school.

Derby's orator won the meet last year, and a rule of the association is that the next meeting should be held at the home of the winner of the oratorical contest. Derby, however, is not permitted to enter an orator in the contests this year.

CONNELL IN CHARGE

Drice Connell of the Derby-two school, is president and secretary of the meet this year.

The track meet will be held during the greater part of the day with the oratorical contest following that evening.

Orations to be given in the contest must not exceed 1,000 words in length and the county superintendent of schools, Prof. M. C. Warren, shall certify the length of the oration in entering the contest. Each orator is to have an alternate in case of illness or other unavoidable cause.

A copy of each oration must be filed with the county superintendent three days before the meeting.

The orations will be given in the following order:

New Holland, Deers Creek, Muhlenberg, Derby, Walnut, Pickaway, Ashville, Scioto, Washington, Jackson, Perry, Monroe and Sult Creek.

The events for the track meet are as follows:

Boys: 50-yard dash, 100-yard dash, 220-yard dash, 440-yard dash, 880-yard dash, 1,760-yard dash, 3,520-yard dash, 7,040-yard dash, 14,080-yard dash, 28,160-yard dash, 56,320-yard dash, 112,640-yard WEALTHY MAN
HELD ON BAIL

ALLENTOWN, PA., April 18.—Watson A. Guthrie, 60-year old wealthy secretary-treasurer of the Edwin Erment Co., of New York, was free in \$1,000 bail today on two charges growing out of a mysterious transaction here yesterday which culminated in the wounding of two men, the arrest of Guthrie and two others.

Guthrie was held in \$3,000 bail on charges of "wantonly pointing firearms," and in \$1,000 bail as a material witness in an alleged robbery and gun battle. Two other men, Joseph Bailey, of Oklahoma, and Max Marks, of New York, are being held pending further investigation into the affair.

The trio were holding a conference in the Americus hotel here yesterday when Bailey and Marks suddenly started to run away from their companion. Guthrie charged the men had cheated him out of \$55,000.

District Attorney E. A. Gearhart is conducting an investigation in to the affair.

Mrs. E. C. Rector spent Thursday in Columbus with her daughter Mrs. Charles Pavey.

Commission Clerk Says
Documents Mutilated

Miss Minnie L. Ward, ex-file clerk of the Federal Power Commission, Washington, D. C., has placed in the hands of Secretary of the Interior Ray L. Wilbur a list of charges involving the alleged mutilation and destruction of documents and letters which, it is further declared, would have barred the intimate relations between the "Power Trust" and the Federal Power Commission.

DEMONSTRATE
SEPARATOR

A factory demonstration of the McCormick-Deering Cream Separator was held by the local dealer, Harry W. Hill, Thursday morning at his sales room on W. Main-st. Larry Beville factory, representative, supervised the demonstration and at first five gallons of milk, at 120 degrees Fahrenheit was put through the separator and on test less than .001 per cent of butter fat was left in the skim milk, five gallons was separated at 53 degrees Fahrenheit and on test less than .002 per cent of butter was left in skim milk. After the demonstration was made the machine was completely dismantled to show its construction. The demonstration and testing of milk was made with Harry J. Briggs, of the Farm Bureau, and Chas. H. Radcliff and E. C. Smith of the Pickaway Dairy Co. as witnesses.

10-Year-Old Boy Takes Typhoid Fever—Two Dead In Small Village.

BRUNSWICK, O., April 13.—Closing of Brunswick schools was ordered today by Dr. R. L. Mansell, Medina County health Commissioner, upon being notified by Dr. Albert Wood that a 10-year-old school-boy has become stricken with typhoid fever.

The latest case, that of Keith Cadman, 10, brings the total number of persons prostrated by the disease within the last three weeks to 26. Two persons have died in the epidemic within the week. Dr. Wood stated today that two other cases are under suspicion.

The action in closing the schools, Dr. Mansell said, was to prevent the possibility of the disease spreading.

It was believed that the Cadman boy contracted the disease in his association with two playmates who were taken ill more than a week ago. It was also said that the boy probably got the fever in sharing apples or some other edibles.

BECK MARKET IS
51 YEARS OF AGE

Fifty-one years ago, April 18th, the meat market of Beck Brothers was opened at its location on E. Main-st.

The store has always been managed by the Beck family and was started by John, Louis and Fred Beck. Later the sons of Louis Beck, Ralph and Charles took over the management and the store remains in their possession.

The store was opened April 18, 1879.

WEALTHY MAN
HELD ON BAIL

ALLENTOWN, Pa., April 18.—Watson A. Guthrie, 60-year-old wealthy secretary-treasurer of the Edwin Ermon Co. of New York, was free in \$4,000 bail today on two charges growing out of a mysterious transaction here yesterday which culminated in the wounding of two men, the arrest of Guthrie and two others.

Guthrie was held in \$3,000 bail on charges of "wantonly pointing firearms," and in \$1,000 bail as a material witness in an alleged robbery and gun battle. Two other men, Joseph Bailey, of Oklahoma, and Max Marks, of New York, are being held pending further investigation into the affair.

The trio were holding a conference in the Americus hotel here yesterday when Bailey and Marks suddenly started to run away from their companion. Guthrie charged the men had cheated him out of \$55,000.

District Attorney E. A. Gearhart is conducting an investigation into the affair.

Mrs. E. C. Rector spent Thursday in Columbus with her daughter Mrs. Charles Favey.

GOOD FARMS AND FARMERS
A letter from an Iowa farmer, given publicity by Senator Brookhart, says:

"I am a small farmer in Iowa. For years I have devoted my time and efforts to improve my methods so that I could raise more grain, more beef per steer, more eggs per hen. That is the only way I can earn my living and lay something aside for my old age. We have a county agent who meets with us farmers to show us how we can do this better. Our agricultural school at Ames, supported by the taxes we pay, is teaching our boys to get more out of our farms. They are experimenting with crop rotation, soil culture, preventatives for disease and everything pertaining to the farm to find ways of raising more products.

"We fight the weather, plant and animal disease, insects and weeds and pray that the Lord will reward our efforts and that we may produce more abundantly. Now Mr. Legge says that is all wrong. If we don't quit this, prices are going way down. Why should I fertilize my soil? Why should I vaccinate my hogs? Why should I cultivate my corn? Why should I care for my live stock?"

All this anent the proposal that farmers in general restrict their crops and raise crop prices by restricting their acreage.

An economist concludes that while there is an overproduction of farm products, there is no answer to such a farmer except this: That it is right that he and every other farmer should do the best farming he can, making the best possible use of his land, using the best seed and stock and the best methods of cultivation, buying and marketing. Efficiency is not a crime, even when it leads to overproduction. If there is any crime in industry, it is inefficiency.

What, then, is the remedy for overproduction in agriculture? What can it be, in the long run, but nature's remedy—survival of the fittest? The poorest land should be withdrawn from cultivation, not the good land. The least successful farmers should leave farming for some other industry. The surplus population of the farms should go to the cities.

These things will be done inevitably, sooner or later. Why not frankly recognize the fact and cooperate with nature's law instead of fighting it by artificial weapons bound to be futile in the long run?

"SHEIK'S WIFE" BY WINIFRED VAN DUZER

SYNOPSIS.
ENROUTE to a friend's house, young and lovely Eve Reade, meets Kenneth Wilmer, famous artist. He persuades her to visit the Hollis, friends of his, before going on to her destination. She falls asleep on a divan to awake the next morning. Embarrassed for having spent the night, she leaves without saying good-bye. Ken visits her the following Sunday and tells her he loves her. Her friend Mary, warns Eve they are unsuited for one another. Next day Eve meets Norwood O'Rell, the author. He invites her to tea. Later, Eve visits the Hollis, where she again meets Ken and his artist colony friends. Eve feels very uncomfortable when she cannot enter into their discussions. She is relieved when Nory O'Rell drops in and talks with her.

(NOW GO ON WITH THE STORY.)
CHAPTER X.
HER eyes sought Ken; saw his sleek, dark head through a cloud of smoke. He was talking to Fifi again—He seemed almost to be quarreling! Now he was holding a lighter for her cigarette—no, they hadn't been quarreling for now they laughed as if at some great joke.

In a casual way they turned about, wandered out of the room. Eve heard their footsteps on the veranda. While she listened to Nory's careless, half dreamy remarks, she waited for the footsteps to return. Where had Ken and Fifi gone? Why had they started away, talking briskly together?

It seemed a long time that she waited. And finally Ivy Carr said she had an early appointment, and walked out without her husband or a good night. Janet Kip was the next to go, fussing Claret away. And they too, said no farewell, nor did Elma or Chuck appear to notice their leaving.

And while she waited with the smile grown rather sad, rather woe, Eve realized at last what had happened. Ken wasn't coming back! Ken had gone away with Fifi Devoe, and he wasn't coming back!

Hurt in her eyes, and her voice flat and hard, Eve turned to Nory. "Would it be all right if I go now? I'd like you to take me. If you wouldn't mind? I'm a bother."

"Shucks, dryad." He was on his feet so quickly that she knew he had been waiting for this, and gratitude surged through her, stung her throat with the feel of tears. He took her arm, forced her to saunter carelessly out of the room and out of the house.

He put her into a ramshackle little car and begged her to concentrate on sparks. "The only way to start the darn thing," he explained. "Prove the power of mind over motor. I call this 'Opportunity,' because she knocks once and dies. Now, then, think. Think hard."

Eve had to laugh in spite of herself as the long young fellow made cabalistic passes over the starter, tried pressing it with his right foot, switched to his left, reached down and used his hands. In the end he had to get out and crank the engine, talking to it all the time. It caught finally, and they went jogging bumpily along the road.

The hurt began to throb again in the girl's heart. Ken had wanted to see her—oh, he had been glad, coming to her swiftly, face all alight; sitting beside her, smiling as if he didn't care who knew—as if he wanted them all to know that he loved her.

Well—did he love her? Maybe it was just his way? He had thrown his arm around Fifi Devoe. And now they were out in the

Country or City for Health?

Dr. Copeland Discusses a Question Which Is of Vital Importance to All of Us.

By R. S. COPELAND, M. D.
U. S. Senator from New York.
Former Commissioner of Health, New York City.

WHICH is the better place for man to live in—the city or the country? What effect has moving from farm, forest and shore had on human life?

These are important questions to the average person. Where shall we live? What environment is best for the family? What are the social and economic advantages of the city as compared with rural places?

For the most part the economic factor is the one that decides the question of where we are to live. Fortunately are those who work in the city if they dwell in the adjacent suburbs. There the children may have the fresh country air. Thousands take this way of getting "back to the country," commuting to and from suburban places, sometimes long distances away.

The growth of the great cities has been phenomenal during the past 80 years. Back in the 1850s, there were scarcely 20,000 persons living in London. Its extraordinary growth did not begin until after 1850.

New York, in 1800, had less than 50,000 inhabitants, but by 1850 it had increased to about 600,000. In the past 80 years it has increased more than ten-fold.

Forty years ago only 33 per cent of the population of the United States lived in cities. But the move from farm to factory and from village to town has been on the increase. At the present time 55 per cent of the total population are living in cities.

Man lived in cities for centuries before sanitation made them safe. It is only within the past century that the city has come to mean a really safe place to live.

Seventy-five years ago, the large cities of Europe and America were dangerous places. The loss of child life was appalling. A quarter of the babies born died within a year. It was not uncommon for the general death rate of any big city to run to 30 per thousand. Modern municipal sanitation, modern ventilation, splendid water systems of unpolluted water in abundance, and pure milk, have made city life more and more safe.

It would seem that man had overcome most of the handicaps found in the crowded cities. But the ever increasing population, changing as it does from month to month, calls for greater ingenuity in devising means to promote public health.

Tuberculosis brings the highest death rate in the great cities. Under the present-day habits of living, a large city affords only an artificial atmosphere for humans to breathe. Smoke, dust and fog modify the purity of the air to such an extent that atmospheric conditions have become a real menace. Ventilation of buildings has bettered conditions materially, but there is still much to be desired for the thousands who are crowded together in the crowded city.

There is no doubt that the period since 1920 has brought marked improvement in general health conditions in both city and rural places. Science, the medical profession, public health workers, philanthropy through private channels, are all striving and pointing toward better health conditions everywhere. In rural places, where doctors are few and the population scattered, good clinics and hospitals, with district nursing facilities, are to be found. In the not distant future we may look for better housing and working conditions, for better health knowledge and a better health future for the race, no matter where men dwell.

Theatres

AT THE METROPOLITAN

Set in the colorful, dashing, romantic atmosphere of a United States Cavalry post, "His First Command," Pathe's all-dialogue picture starring William Boyd, which scored decisively at the Metropolitan Theatre, yesterday, proved an outstanding hit and one of the finest productions in recent months.

Boyd, as a rookie cavalryman, has the finest opportunity of his career for comedy and he has taken full advantage of it. In addition to laughs, "His First Command" furnishes thrills, drama and pathos, so cleverly blended as to keep the interest of the audience every moment during the entertainment.

"His First Command" is the story of a rich man's son who joins the army in order to be near a girl with whom he has fallen in love. Bill's weakness is women, and because the girl, played by Dorothy Sebastian, learns of this, she does everything possible to discourage him. The girl is a Colonel's daughter and the impossibility of a romance between the daughter of an officer and an enlisted man makes the breach between them even harder to span. The way Bill overcomes this and earns the respect of his officers takes the audience through a series of laughs and thrills that make the production thoroughly enjoyable.

AT THE CLIFTONA

Music and thrilling drama are ideally combined in "Playing Around," and the resulting picture is one of the very best and most entertaining vehicles in which the sparkling Alice White has yet been seen and heard.

This First National and Vitaphone offering opens at the Cliftona Theatre Friday.

The little clerk of "The Girl From Woolworth's" is now a stenographer who wants the luxurious things of life—such as nice clothes and swell parties. And she gets them, but in a manner that causes her and her soda-clerk lover no end of heartaches.

"Playing Around" is good dramatic stuff, and to the original story by Vina Delmar has been added just the right amount of dancing, music, and song, without detracting in the least. Credit for this is due to Mervyn LeRoy, the young director, who seems to be definitely teamed with Miss White in picture production these days. It is a strong combination.

AT THE GRAND

"A Song of Kentucky," a stirring melodrama of blue-blooded horses and red blooded actors, along with the regular amateur night, is the bill at the Grand Theatre Friday.

Louis Moran, Joe Wagstaff and Dorothy Burgess play the leading roles in the picture and their performance Thursday evening was par excellence.

CHICAGO MAN KIDNAPPED

Mexican Laborers Take Leonard Cassidy Into Mountain Stronghold.

MEXICO CITY, April 18—Leonard B. Cassidy of Chicago was reported Thursday to have been kidnapped by Mexican workmen at El Hule, State of Caxaca.

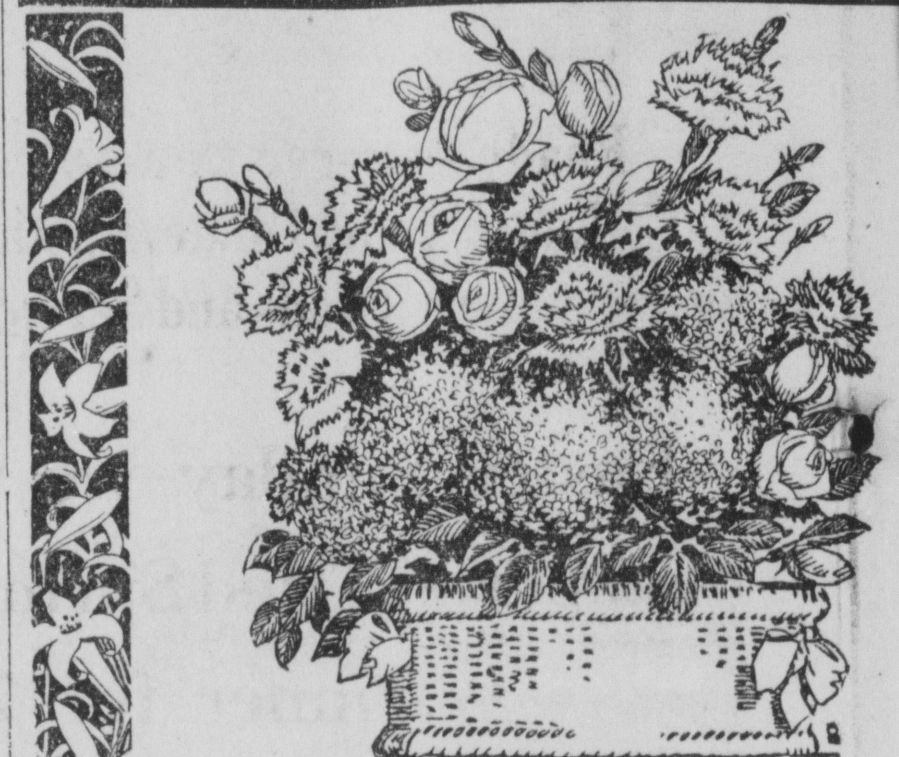

According to information received here, Cassidy incurred the enmity of the workmen by discharging a number of laborers in his employ.

Cassidy was taken into the mountains. Federal authorities were notified of the incident and troops immediately were sent in pursuit of the kidnapers.

El Hule is the center of Mexico's rapidly growing banana trade. Cassidy, who is said to be a British citizen domiciled in Chicago, had authority over a large number of fruit laborers.

Entire Village Routed Out By
\$12,000 Grocery Store
Conflagration.

COLUMBUS, O., April 18—Fire
early Thursday routed out the en-
tire village of Worthington, near
here, and caused damage of \$12,
000 after gutting a two story
building which was occupied by a
grocery store.

It was the second serious fire
which has hit the town in the past
three years. In 1927, a \$30,000
blaze swept a portion of the village.

Though situated in the heart of
the business district, little damage
was done to adjoining buildings in
today's fire.

Origin of the blaze is underter-
mined.

JUPE PLUVIUS HITS .500 IN THURSDAY'S CONTESTS

Figers Whip Browns, White Sox Edge Indians, French Gives Cincinnati Two Hits, and Malone For Cubs Blanks Cards In Settos.

By COPELAND C. BURG
NEW YORK, April 18.—That lacrimose old gentleman, J. Pluvius, had a perfect .500 in the batting record today and if he keeps up his average big league baseball magnates undoubtedly will silence him forever by starting their sea-

son in May or at least later in April.

Rain washed away the Giants-Braves and the Brooklyn-Philadelphia skirmishes in the National league yesterday and the Athletics-Yankees and Washington-Boston games in the American circuit.

Another near-victim of the skies

was the Tiger-St. Louis Browns encounter in Detroit, the game being called after five and one-half innings when a deluge flooded the field. Earl Whitehall, tiger hurler, did not notice the Pluvius attack and held the Browns to three singles as the Tigers won 6 to 1. Big Dale Alexander and Marty McManus hit home runs for Detroit.

In the other American league game Donnie Bush's White Sox rallied in the six inning against Cleveland to score six runs and finally emerged on top in the tenth inning, 8 to 7. In the tenth, after Cissel walked and Reynolds was hit by a pitched ball, Metzler doubled against the right field palisade for the run that counted most.

Larry French of the Pirates held the Reds hitless until the seventh inning as Pittsburgh defeated Cincinnati 7 to 1. Papa Eppa Rixey, starting his eighteenth major league season, was shellacked from the mound in the third.

The hitting streak of Fisher, the new Card outfielder obtained from the Giants, was stopped like Kaye Don's car under the effective fast ball of Pat Malone as the Cubs won from St. Louis 3 to 0. Fisher did not get a bingle, and Malone allowed only three.

A rain-out a day sends a player away is the adage of John McGraw of the Giants. He could not abide the hull of yesterday without some action and decided to send Sam Leslie, outfielder, to the Toledo club of the American Association. Leslie was purchased last winter from Memphis.

DEMPSEY REFEREES

Former Champ To Be Third Man In Ring With Wallace and Goodman.

CLEVELAND, April 18.—Jack Dempsey, former heavyweight champion of the world, will come to Cleveland next Tuesday to be the third man in the ring at the 10 round fight between Billy Wallace and Joe Goodman.

The former heavy champ is recognized as a capable referee and is in great demand throughout the country. His appearance here has been approved by the Cleveland boxing commission.

Goodman and Wallace are popular lightweights here and their match has been considered a natural. Goodman recently went the route here against Sammy Mandell, the lightweight champion.

In another 10-rounder on the boxing program Paul Pirrone meets Freddie Fitzgerald. The other bouts on the card, each of six rounds, are: Johnny Rich, vs. Joe Schlund at 145 pounds; John Berto vs. Frankie Chatterton, 136 pounds, and Emory Cabana of Philadelphia, vs. Phil Goldstein of Pittsburgh, 135 pounds.

MORE EVIDENCE OF RARE MERIT OF NEW KONJOLA

Lady Suffered For Years—Could Not Eat a Meal Without Distress—Modern Medicine Wins Triumph.

MRS. ARENA BORDEN.

"Konjola proved to me that it is deserving of all the wonderful praise it is getting," said Mrs. Arena Borden, R. F. D. No. 2, Leesburg, Ohio. "A severe case of stomach trouble has been the source of constant misery to me for years. Gas pains and bloating followed every meal, no matter what I ate. I nearly starved myself as I was afraid to eat. Naturally, I lost weight, strength and vitality, and felt miserable all the time."

"My search for relief finally led me to Konjola after many other medicines had failed to do any good. But Konjola was different. The first two bottles brought wonderful relief, and in seven weeks I looked and felt like a different person. Today, I can eat anything I want without the least distress afterward; have renewed strength and vigor, and have not felt so good in years."

It is the same splendid story of success wherever Konjola is put to the test and given sufficient time to thoroughly cleanse and stimulate the ailing organs. From six to eight bottles are recommended. Konjola is sold in Circleville at Hamilton & Ryan's drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

"I knew I wanted this separator, the minute I saw it"

"The separator I had wasn't such a bad machine, but the minute I saw this McCormick-Deering I knew I'd buy it. The shiny finish—japanning they call it—caught my eye. And when I turned it I was surprised how easy it was to run. The dealer showed me how close it skimmed whether the milk is warm or cold and I figured it would be a good investment. The wife likes it, too, because you can wash the discs so easily."

McCORMICK-DEERING Ball-Bearing Cream Separators

It's the combination of ball bearings at the four high speed points, and positive, automatic oiling that makes McCormick-Deering Cream Separators so easy to turn. Try the one on display at our store and see for yourself how easily and quickly you can make the bowl run full speed.

Examine the scientifically designed discs that skim warm or cold milk with maximum butterfat recovery. And remember to take notice how readily the glossy japanned finish wipes clean of splashes and grease. McCormick-Deering Cream Separators come in six sizes: 42, 60, 90, 108, 144, and 180 gallons milk (350-1500 lbs.) per hour. Every one will positively skim rated capacity. Ask us to demonstrate the McCormick-Deering on your own farm.

Why it's wise to choose a CHEVROLET SIX!

Choose CHEVROLET for Smoothness . . .

The only way to get satisfactory smoothness in a low-priced car is to choose a car with a six-cylinder motor. Six cylinders save the whole car from the destructive effects of vibration. And they make motoring far more comfortable. In the new Chevrolet Six, you get every advantage of six-cylinder smoothness.

Choose CHEVROLET for Beauty . . .

Chevrolet brings you the greater beauty of bodies by Fisher—styled by Fisher's famous artist-designers. Long, low and properly proportioned—and complete with every feature of modern automotive coachwork—Chevrolet-Fisher bodies introduce a new measure of quality and beauty into the low-price field.

Choose CHEVROLET for Economy . . .

The new Chevrolet is just as economical as any car you can buy. It costs no more for oil. It costs no more for tires. It costs no more for service. And, in a recent officially-observed economy test, a Chevrolet won first place—averaging over 20 miles to the gallon of gasoline.

Choose CHEVROLET for Service . . .

Chevrolet's owner service policy calls for free replacement—including both parts and labor—of any material that may prove defective within the terms of the standard warranty. Chevrolet's flat-rate charges are the lowest in the industry on many service operations—and, furthermore, Chevrolet service is available at more than 10,000 authorized service dealers.

Choose CHEVROLET for Re-Sale Value . .

From the standpoint of re-sale value, it's especially wise to choose a Chevrolet. The big swing is to the Six. And when you buy a six-cylinder Chevrolet you are assured a car that will be modern tomorrow as well as today. This is important to remember, for obsolete design always lowers re-sale value.

Choose CHEVROLET for Low Cost . . .

Priced as low as \$495 at the factory, the Chevrolet Six is one of the lowest-priced cars in the world. And this low first cost is emphasized over and over again—in gasoline and oil economy, in inexpensive service, and in the low cost of replacement parts.

JUPE PLUVIUS HITS .500 IN THURSDAY'S CONTESTS

Figers Whip Browns, White Sox Edge Indians, French Gives Cincinnati Two Hits, and Malone For Cubs Blanks Cards In Settos.

By COPELAND C. BURG
NEW YORK, April 18.—That lacrimose old gentleman, J. Pluvius, had a perfect .500 in the batting record today and if he keeps up his average, big league baseball magistrates undoubtedly will silence him forever by starting their sea-

was the Tiger-St. Louis Browns encounter in Detroit, the game being called after five and one-half innings when a deluge flooded the field. Earl Whitehall, tiger hunter, did not notice the Pluvius attack and held the Browns to three singles as the Tigers won 6 to 1. Big Dale Alexander and Marty McManus hit home runs for Detroit.
In the other American league game Donnie Bush's White Sox rallied in the six inning against Cleveland to score six runs and finally emerged on top in the tenth inning, 8 to 7. In the tenth, after Cissel walked and Reynolds was hit by a pitched ball, Metzler doubled against the right field pitcher for the run that counted most.

Hundreds of thousands of Frigidaires

have never required any SERVICE

this is ONE reason why

3 times as many Frigidaires are now in use as any other make of electric refrigerator.....

FRIGIDAIRE is sold with a definite guarantee—backed by General Motors.
And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired.
If service should be required it is rendered instantly and without removing the machine from the premises.

\$275 in subscriptions will count 400,000 Extra Votes

\$300 in subscriptions will count 600,000 Extra Votes

Go after the Largest Bonus. This is your Last Chance.

SPECIAL NOTICE TO ALL CANDIDATES

Due to the fact that the time of closing the campaign has been extended one week we will close the Clubs on April 16. All NEW subscriptions must be turned in at that time. Those can be mailed into the office in care of the Campaign Manager, Iva Shaw, or can be brought into the office Wednesday, April 16, from 2:30 to 8:30 P. M.

ALSO

According to Rule 7, each and every candidate must turn in four or more subscriptions per week. In order to make it possible for non-prize winners to collect their commissions, especially those who have failed to make reports each week, we will make a change in this rule for non-prize winners' benefit. If a candidate averages four or more subscriptions each week of the campaign they will receive 10% of all the money they turn in.

CAMPAIGN

(Continued from Page One.)

I ever found better candidates, than I have here—candidates of the highest type. Subscribers should feel proud if they have helped anyone of the candidates to win or even receive a commission for their efforts.

Subscribers, you have less than one week left and I send this message to you if you haven't subscribed do so at once, either by getting in touch with a candidate or sending in to the office where proper credit will be given. If you have given one year give another year, the candidates will be back after it.

Miss Lucille Fausnaugh goes ahead today, but tomorrow, she may be at the bottom of the list, for oh, how some of the candidates are working—just can't believe your eyes—some that you least expected are just working day and night and a great surprise will be in store for some of the self sure candidates, who really down in their heart think it is a physical impossibility to beat them. Don't you be too sure for some one might surprise you.

JURY PROBES BETTS DEATH

URBANA, O., April 18—With Coroner David H. Moore returning an "Open" verdict in connection with the violent death of Joseph Betts, prominent local insurance agent, the Champaign-county grand jury plans to investigate the death.

Betts was found with three bullets in his head on the morning of March 4, this year. His body was wedged between the fender and motor of his automobile in the garage at the rear of his sister's home here.

Though three bullets were extracted from his head there was only one bullet wound.

Homer "Blackie" McGary, who is described by police as a "town-koater" is still being held in the county jail in connection with the case.

The coroner's "open" verdict indicates that authorities are puzzled over the exact manner in which Betts met his death.

William Boyd IN "His First Command"

Played to a capacity house at the Metropolitan Theatre Thursday evening. This picture is full of laughs and real entertainment. The parade of the Cadets and Cavalry with Old Glory waving and bands playing, being in Technicolor, are very spectacular. The voices are clear and distinct with the Western Electric reproduction.

This picture is full of good entertainment that the whole family will enjoy it.

WORTHINGTON BLAZE SCENE

Entire Village Routed Out By
\$12,000 Grocery Store
Conflagration.

COLUMBUS, O., April 18.—Fire early Thursday routed out the entire village of Worthington, near here, and caused damage of \$12,000, after gutting a two-story building which was occupied by a grocery store.

It was the second serious fire which has hit the town in the past three years. In 1937, a \$30,000 blaze swept a portion of the village.

Though situated in the heart of the business district, little damage was done to adjoining buildings in today's fire.

Origin of the blaze is undetermined.

JURY PROBES BETTS DEATH

URBANA, O., April 18.—With Coroner David H. Moore returning an "Open" verdict in connection with the violent death of Joseph Betts, prominent local insurance agent, the Champaign-county grand jury plans to investigate the death.

Betts was found with three bullets in his head on the morning of March 4, this year. His body was wedged between the fender and motor of his automobile in the garage at the rear of his sister's home here.

Though three bullets were extracted from his head there was only one bullet wound.

Homer "Blackie" McGary, who is described by police as a "town-raider" is still being held in the county jail in connection with the case.

The coroner's "open" verdict indicates that authorities are puzzled over the exact manner in which Betts met his death.

JUPE FLUVIUS HITS 500 IN THURSDAY'S CONTESTS

Tigers Whip Browns, White Sox Edge Indians, French Gives Cincinnati Two Hits, and Malone For Cubs Blank Cards in Setters.

By CLEVELAND G. BURG
New York, April 18.—That historic old gentleman, J. Fluvius, had a perfect 500 in the batting record today and if he keeps up his average, his league baseball magnetism undoubtedly will silence him forever by starting their season in May or at least later in April.

was the Tiger St. Louis Browns encounter in Detroit, the game being called after five and one-half innings when a deluge flooded the field. Earl Whitehead, tiger hunter, did not notice the Fluvius attack and held the Browns to three singles as the Tigers won 6 to 1. Big Pete Alexander and Abner Doubleday hit home runs for Detroit.

In the other American league game, Donnie Bush's White Sox rallied in the six inning against Cleveland to score six runs and finally emerged on top in the tenth inning, 8 to 7. In the tenth, after Chase walked and Reynolds was hit by a pitched ball, Metcalf doubled against the right field pitcher for the run that counted most.

A rain-out a day sends a player away is the badge of John McGraw of the Giants. He could not abide the full of yesterday without some action and decided to send Sam Leslie, outfielder, to the Toledo club of the American Association. Leslie was purchased last winter from Memphis.

DEMPSEY REFEREES

Former Champ To Be Third Man In Ring With Wallace and Goodman.

CLEVELAND, April 18.—Jack Dempsey, former heavyweight champion of the world, will come to Cleveland next Tuesday to be the third man in the ring at the round fight between Billy Wallace and Joe Goodman.

The former heavy champ is recognized as a popular referee and as in great demand throughout the country. His appearance here has been approved by the Cleveland boxing commission.

Goodman and Wallace are popular lightweights here and their match has been considered a main event. Goodman recently went the route here against Sammy Magdell, the lightweight champion.

In another rounder on the boxing program Paul Pirone meets Freddie Fitzgerald. The other bouts on the card, each of six rounds, are: Johnny Rich vs. Joe Schimid at 145 pounds; John Berto vs. Frankie Chatterton, 135 pounds; and Emory Cabana of Philadelphia vs. Phil Goldstein of Pittsburgh, 135 pounds.

Why it's wise to choose a CHEVROLET SIX!

Choose CHEVROLET for Smoothness

The only way to get satisfactory smoothness in a low-priced car is to choose a car with a six-cylinder motor. Six cylinders save the whole car from the destructive effects of vibration. And they make motoring far more comfortable. In the new Chevrolet Six, you get every advantage of six-cylinder smoothness.

Choose CHEVROLET for Beauty

Chevrolet brings you the greater beauty of bodies by Fisher—styled by Fisher's famous artist-designers. Long, low and properly proportioned—and complete with every feature of modern automotive coachwork—Chevrolet-Fisher bodies introduce a new measure of quality and beauty into the low-price field.

Choose CHEVROLET for Economy

The new Chevrolet is just as economical as any car you can buy. It costs no more for oil. It costs no more for tires. It costs no more for service. And, in a recent officially-observed economy test, a Chevrolet won first place—averaging over 20 miles to the gallon of gasoline.

Choose CHEVROLET for Service

Chevrolet's owner service policy calls for free replacement—including both parts and labor—of any material that may prove defective within the terms of the standard warranty. Chevrolet's flat-rate charges are the lowest in the industry on many service operations—and, furthermore, Chevrolet service is available at more than 10,000 authorized service dealers.

Choose CHEVROLET for Re-Sale Value

From the standpoint of re-sale value, it's especially wise to choose a Chevrolet. The big swing is to the Six. And when you buy a six-cylinder Chevrolet you are assured a car that will be modern tomorrow as well as today. This is important to remember, for obsolete design always lowers re-sale value.

Choose CHEVROLET for Low Cost

Priced as low as \$495 at the factory, the Chevrolet Six is one of the lowest-priced cars in the world. And this low first cost is emphasized over and over again—in gasoline and oil economy, in inexpensive service, and in the low cost of replacement parts.

MORE EVIDENCE OF RARE MERIT OF NEW KONJOLA

Lady Suffered For Years—Could Not Eat a Meal Without Distress—Modern Medicine Wins Triumph.

MRS. ARENA BORDEN.

"Konjola proved to me that it is deserving of all the wonderful praise it is getting," said Mrs. Arena Borden, R. F. D. No. 2, Leesburg, Ohio. "A severe case of stomach trouble has been the source of constant misery to me for years. Gas pains, and bloating followed every meal, no matter what I ate. I nearly starved myself as I was afraid to eat. Naturally, I lost weight, strength and vitality, and felt miserable all the time."

"My search for relief finally led me to Konjola after many other medicines had failed to do any good. But Konjola was different. The first two bottles brought wonderful relief, and in seven weeks I looked and felt like a different person. Today I am not anything I want without the least distress afterward. I have renewed strength and vision and I have not felt so good in years."

It is the same wonderful story of success wherever Konjola is put to the test and given sufficient time to thoroughly cleanse and stimulate the entire system. Konjola is sold at all drug stores and by mail order. Write for literature throughout the entire section.—Ad.
